Dear Mr. Lempert,

It would be a great pleasure for us to welcome you and your associates in the City Hall of Oradea, on May the 23rd. We would like to discuss the details, design and location concerning the new monument that is to be realized in the memory of the Jewish community that lived in our town.

The basic design concept, as it is shown in your proposal, is in principle accepted. As to the location of the monument, we are thinking about Sucevei Street, near Balcescu Park.

We also understand that you and your associates would like to discuss the creation of a learning center, in the place of the old Orthodox Synagogue that is not being used for its normal function at the moment. It will be very nice to have the possibility of discussing these subjects as well.

Yours truly,

Petru Filip

Mayor of Oradea
